

# Ownership of Offeror

# Background

## Federal Acquisition Regulations (FAR): Commercial and Government Entity Code; FAR Case 2012-024.

- This rule uses the unique identification that a CAGE/NCAGE Code provides to identify vendor representation of Immediate Owner and Highest-Level Owner CAGE/NCAGE Codes (If applicable).
- There will be a requirement to answer questions within the CAGE/NCAGE Code section in the System for Award Management (SAM).

The FAR changes only apply to those domestic and foreign entities interested in obtaining Federal Contracts.

For the final rule amendment see FAR Case 2012-024:

# Highest-Level Owner

## Domestic Entities

Highest-Level Owner and Immediate Owner must have a CAGE Code even if they have no intention of obtaining Federal Contracts.

- Highest-Level Owner and Immediate Owner will be able to apply for a CAGE Code via the DLA Enterprise Website (CAGE Code Request or Update) in lieu of registering in SAM.

## Foreign Entities

On the left is a navigation menu with categories like 'Purpose of Registration', 'Core Data', 'Business Information', and 'CAGE Ownership Details'. The main content area is titled 'Page Description' and contains text about FAR Subpart 4.18 requirements. A red-bordered alert box is overlaid on the page, containing the following text:

**Alert**

You will have ninety days after you submit your registration to come back and provide your Immediate Owner's NCAGE Code. If they haven't already, your Immediate Owner should request an NCAGE Code right away using the NCAGE Request Tool link in the Page Description section. If you do not log into SAM and update your registration to provide your Immediate Owner's NCAGE Code within ninety days, your SAM registration will expire.

At the bottom right of the alert box is an 'OK' button. Below the alert box, the registration form continues with a question: 'Does another entity own or control your Immediate Owner?\*' with radio buttons for 'Yes' and 'No'. At the bottom of the page are buttons for 'CANCEL', 'PREVIOUS', and 'SAVE AND CONTINUE'.
